CHIEF STEWARDESS

Nicole Kruger grew up in a small town near Cape Town, South Africa. After she finished high school, she did an introduction course in Human Resource Management. While taking her courses, she took a waitressing job, which caused her love of people and socialising to grow.

Spending most of her life in the same place, Nicole deduced she wanted a change of scenery. She moved upstate to Johannesburg to pursue better job opportunities, and landed a job doing administrative work for a security company. Despite the new job and locale, Nicole still felt called to go see the world. She found the perfect fit in yachting, merging together her love of people and new places.

Nicole has travelled and gained a lot of experience during the last 2 years working on super yachts. If you haven't already guessed - she is a very social person and loved to have a laugh. She can (and will) talk to anyone!

SECOND STEWARDESS

Say Hi to Tarn Phillips! With a passion for providing exceptional guest experiences and a meticulous eye for detail, Tarn brings professionalism, warmth, and dedication to every charter.

Having served as Sole Stewardess on M/Y Perfect Harmony and as Second Stewardess on M/Y Amore, she has honed her skills in service, provisioning, interior management, and guest relations.

Tarn thrives in fast-paced environments and takes pride in maintaining the highest standards onboard. Her love for the ocean and nature fuels her enthusiasm for the yachting lifestyle, making her a valued and vibrant member of any crew.

STEWARDESS / DECKHAND

Say Hi to Genevieve Masters! She was born in Hong Kong, but grew up in the UK in Southeast England. After High School she earned a field hockey scholarship to a college in the US. She then spent nearly a decade in the corporate world in London, working international sports event management, interior design as a Personal Assistant, and marketing at a private equity firm. In the summer of 2024, she made a complete career shift and joined the yachting industry!

Sports have always been a big part of Gen's life. She played competitive field hockey growing up and is a die-hard Arsenal fan. She is always up for an adrenaline rush and loves getting involved in sporting activities with guests. Now that she is based on the ocean, she has discovered a passion for diving and is very excited to explore that world further. Gen is a huge karaoke enthusiast and can be a bit reluctant to share the mic when her inner Britney takes over!

DECKHAND

Coenraad Stapelberg or Coenie (pronounced Koo-nee) is a lively 24 year old from South Africa and has been in the yachting industry for 3 years. Before he started working on big beautiful boats, he was a safari guide and wildlife photographer for 5 years. Coenraad came to yachting to follow his dream of making people's lives better with music. He is an animal lover with 2 cats (Cat and Oreo) and 2 dogs (Loha and Tessa living back home in Pretoria.)

In the next 5 years he sees himself still traveling the world with his guitar, longboard, and surfboard, making music for new friends, telling stories around campfires and taking home all the memories and pictures he can.

DECKHAND

Andrew King is originally from the Pacific Northwest. He joined yachting in 2019 after working on commercial fishing trawlers in Alaska. He also liked that the weather was warmer and he wouldn't always smell like fish.

Andrew's passion for seafaring is only exceeded by his sense of adventure, which go hand in hand. He plans to work as an officer on container ships after yachting. In his free time, Andrew loves to cook, camp, and dance.

The **CAPTAIN** and his **crew** look forward to
welcoming you onboard WATERCOLOURS.
